Designed from the outside-in, our Exo-Armor case provides comprehensive 360° device protection. Utilizing a ruggedized honeycomb TPU structure married to a smart folding cover with a secure tab for quick two position viewing – this case protects all the vitals.

No parts to lose with one piece design providing simple installation or removal. See-through back for personalization/identification. It is the optimal balance in device protection for use in the field, in the classroom, at home, and for any real-world environment.
