

Exo-Rail™ 3.2

Secure Case For Extreme Protection

MR-IC5063b

FEATURES

- For iPad Air, iPad Air 2, iPad Pro 9.7", and iPad (new)
- Military drop test certified (810G 516.6)
- Ultra secure casing for extreme use and drop and shock protection
- Patent-pending rail system provides quick and easy assembly/disassembly
- Rails utilize secure locking detent for solid attachment, plus a locking Torx screw for each side (if desired)
- Built-in front-side screen protection
- Clear back window for device identification/personalization
- Locking kickstand cartridge provides two viewing angles
- Shoulder strap offers easy use at hip
- Push-through surfaces for sleep/wake, volume, and home control
- Cut-outs for proper camera, light sensors, and microphone use

The Exo-Rail case is uniquely engineered to serve those in need of extreme 360° protection for students, healthcare professionals, field engineers, and others in demanding environments. Whether deployed en masse for school districts, enterprise, or personal use, our patent pending rail design quickly locks and secures the case and can be just as easily removed for servicing.

Individual
